Sorry for the confusion folks. I happen to have another call scheduled with IDEM tomorrow, on a different matter, and got my calls confused. I am pleased to hear from Nancy, however; and look forward to speaking to her in the near future.

Maria,

The call tomorrow is EPA internal only, we have not scheduled a call with IDEM as yet.

Thanks

Janet Pellegrini, Environmental Scientist

Attached is the final rule. It is not the official publication but it is what was final adopted by the board. It's not a draft, it's a done deal.

We will be starting a first notice to repeal the rest of the permits-by-rule shortly. This rule covers all those that have been reviewed and approved by Region 5 thus far. We had to add back in a lot of language from what we preliminarily adopted when we had contemplated complete repeal of all permits by rule. That was the plan until the previous

commissioner wanted to move ahead with administratively issuing those general permits that we actually ready to go.

Do you have drafts you want us to look at?

**Subject:** RE: current version of Indiana NPDES rules/revisions

We do not yet have links to the officially adopted rules as they have just been approved through the governor's office and submitted to legislative services for publication. They are anticipated to publish officially in the Indiana Register on either November 4 or November 11.

Nancy,

Do you have links to the rules Indiana recently adopted at Ind. Admin. Code tit. 327 r. 5 and 15? I found the following links to these rules on-line, but they appear to reflect older dates.

<http://www.in.gov/legislative/iac/T03270/A00050.PDF?>

<http://www.in.gov/legislative/iac/T03270/A00150.PDF?>

Is the State preparing an application?

Maria Gonzalez
